The bylaws have been revised so that the Board of Supervisors reviews the applications and selects the members. The Board chooses members and votes in February. ● The roles of the subcommittee members were discussed. The Juvenile Justice Realignment Grant Section 195 was reviewed. ● There was a request to review the Impact Justice report in greater detail. It was suggested that report topics be grouped into “buckets” and time is spent at future meetings discussing one major topic at a time. Suggested topics include data, programing, infrastructure, step-downs, education, mental health. A protocol was suggested to keep the group on track – what is happening, what is going well, are there gaps, data, does anything need to change in the plan. ● It was suggested that one to two main topics (buckets) are discussed at each meeting and that time is set aside for the items that are not going well and need additional discussion. Additional meetings can be scheduled as needed.	
4. Progress of SB 823 Implementation through 6/30/2024	● Probation recently presented updates regarding implementation to Public Protection Committee and JJDPC.
